Integrity:

*"That's when you're
good even when
nobody's looking!"*

IRWA's mission since our founding in 1968, has been to provide education and technical assistance to water and wastewater systems in Indiana.

Our icon, the Windmill, continues to symbolize our mission and our commitment to this industry that we all so proudly serve.

Indiana Rural Water Association

Presents

Work Zone Safety and Traffic Control Workshop

This workshop will provide attendees basic strategies for working safely on the road, as well as best practices for handling temporary traffic control and flagging. Topics to be discussed include:

- * Working safely on the road
- * Importance of proper personal protective equipment and visibility
- * Basics of temporary traffic control
- * Best practices for flagging traffic
- * Hands On outdoor set up and demonstration

This class has been developed to provide safety training to utility workers, emergency personnel, managers, etc. All will learn what is required to support and manage crews that perform roadside temporary traffic control.

Crew leaders, equipment operators, laborers, and flaggers will learn how to reduce the dangers found on the worksite for both workers and drivers, and begin to think about safety every day on every job.

Our instructor, Todd Morrison, P.E. is an ATSSA certified Traffic Control Supervisor, Flagging Instructor, and Traffic Control Design Specialist.
