Water: What Do You Know? The Basics

Whether you are new to the industry or need a refresher, IRWA designed this new workshop to cover the basics of water operations and regulations. This course is tailored to build upon your existing training, education, and experience to enhance your skills and review for the operator certification exam. Each attendee will receive a copy of the training slides. Next year, a “Beyond The Basics” workshop will be conducted as a continuation of this program.

- Quick review of “The Basics” workshop info
- Overview of Safe Drinking Water Act
- IDEM and the Drinking Water Branch
- Water System Classifications
- Operator Certifications / Qualifications
- Regulations and Responsibilities
- Water Sampling
- Well Disinfection
- Source Water Protection
- Public Notifications
- Pumps and Meters
- Distribution System Flushing
- Cross Connections and Backflow
- Types of Treatment
- Recordkeeping
- State / Federal Contacts
- Acronyms
- Useful Tips and Information
